(Must be Owner/Resident)

In applying for and signing the front of this electrical permit application, for the address listed, I certify that I am the owner of this property, that I do now, or will upon completion, reside at this address, and that this property is not intended for rent, sale, or resale, and that I can and will perform the work in accordance with the latest edition of the Jefferson County Electrical Code and all other applicable codes.

I understand that all work performed under this permit must be inspected prior to covering, i.e., insulation, drywall, concrete, earth, etc., and again upon completion of the work, prior to occupancy.

I understand that this will normally require a minimum of two visits by the County Electrical Inspector. In the event that an inspection visit notes corrections, a re-inspection will be necessary and a re-inspection fee may be charged.

****Fees for work done in conjunction with an ACTIVE Building Permit are included in the Building Permit Fee. See Fee Schedule below for all other Electrical Permit fees.**

FEE SCHEDULE BELOW FOR ALL OTHER ELECTRICAL WORK
