Update Regarding Proposed Jeffco Public Shooting Range

After much consideration and the valuable input of hundreds of citizens, the City of Arvada and Jefferson County agree that it is in the best interest of our community to cease further consideration of a public shooting range on the City-owned Blunn/Pioneer property.

The City Council and the Board of County Commissioners greatly appreciate the hard work by Arvada and Jefferson County staff who presented information to the community and the members of the community who responded to the information through their attendance at two recent public meetings, completion of online surveys and emails to council members, county commissioners and city and county staff.

Research shows that an outdoor public shooting range is needed in Jefferson County, and the county is committed to working together with stakeholders to identify an alternative outdoor public shooting range site in the future. For more information, please visit <http://jeffco.us/bcc/board-programs/shooting-range/>.

PLEASE NOTE: This is a joint statement from the City of Arvada and Jefferson County. Any questions regarding the county's position can be emailed to jpsr@jeffco.us
