Additional Information:

Updates from Workgroup Chairs – Please determine in advance of today’s meeting who will be giving your workgroup’s update. We’d like to hear how you are coming on your long-term and short-term plans (goals, objectives, actions steps, etc.) as well as how your identification of best practices is going.

Discussion of Advocacy Goals - This is our first meeting where we will attempt to develop a short-term goal and a long-term goal for a large, cross-cutting topic, in this case ADVOCACY! **Focus will be on systems advocacy**, not individual advocacy today!
