

BEST PRACTICES/INNOVATIVE MODELS

Revised November 19, 2009

Due date: April 30, 2010

This is a form to guide you and the members of your group when looking for best practices/models that you would like to replicate here in Jefferson County. Please identify best practices/models that fit directly with your goals and objectives and fill out this form on those best practices/models. Some of your best practices/models may be for the short term or the long term. Please identify on the form below.

Ideally you will find at least one best practice/model for each of your workgroup's short term goals. You may seek as many best practices/models per goal as you desire. You will need to identify at least one practice/model that you will replicate **or** you may combine the best parts of a number of practices/models and create one of your own based on the you find. The information you gather will then be put into the Strategic Plan.

If your group is proposing creating a new model/practice by combining elements of several models/practices, please modify the basic format below to describe what you are proposing.

Name of Model or Best Practice:

Location:

Contact Person and Contact Info:

One Paragraph Description of Model or Best Practice:

How is it Funded?:

Who is Involved?:

Is it Evidence Based? If yes, describe how:

Is there a web site? What is it? Documentation? Manual?

Will this model or best practice be completed in the short term (2011-2015) or long term 2016-2030?

Anything else you would like to add:
