

## **11 ACKNOWLEDGEMENTS**

The Jefferson County community health assessment process was enriched by the contributions and expertise of numerous staff from the Jefferson County Department of Health and Environment (JCDHE), National Research Center, Boulder, Colorado, and Preventive Medicine residents from the University of Colorado Health Sciences Center, Denver, Colorado. Participants dedicated their time and knowledge to bring clarity, focus and momentum to a sometimes difficult and overwhelming process on a broad range of public health issues and programs.

The department is grateful to each of the following individuals for their contribution in the success of the community health assessment process.
