

Contents

Highlights, Jefferson County, 1990-2000	i
Introduction	1
Demographics	2
Number of Births	2
Fertility Rates	2
Parental Demographics	2
Births to Adolescent Females	3
Maternal Ethnicity	4
Maternal Education	4
Marital Status	4
Prenatal Health Objectives	11
Early Prenatal Care	11
Maternal Cigarette Smoking	12
Maternal Alcohol Use	14
Birth Outcomes and Infant Mortality	20
Low Birth Weight	20
Preterm Births	21
Infant Mortality	22
Small Area Infant Mortality Rates	23
Leading Causes of Infant Mortality	23
Child and Adolescent Health	35
Child and Adolescent Mortality	35
Communicable Diseases and Reportable Conditions	38
Foodborne and Enteric Diseases	38
Other Enteric Infections	39
Vaccine-Preventable Diseases	40
Other Reportable Communicable or Chronic Conditions	41
Notes	42
List of Figures	
Figure 1: Annual number of births, Jefferson County, 1985-2000	2
Figure 2: General fertility rates, Jefferson County, Colorado and U.S., 1986-2000	2
Figure 3: Median age and education of parents, Jefferson County, 1990-2000	3
Figure 4: Adolescent birth rates, Jefferson County, 1990-2000	3
Figure 5: Birth rates among Hispanic and non-Hispanic females aged 15-19, Jefferson County and Colorado, 1990-99	3
Figure 6: Percent unmarried mothers, Jefferson County, 1990-2000	4
Figure 7: Percent mothers obtaining early PNC, Jefferson County and Colorado, 1990-2000	11
Figure 8: Percent mothers entering early PNC, by ethnicity, age and education, Jefferson County, 1990-2000	11
Figure 9: Percent of mothers abstinent from smoking, by ethnicity, Jefferson County, 1990-2000	12

Contents

Figure 10:	Percent mothers abstinent from smoking, by age group, Jefferson County, 1990-2000	12
Figure 11:	Percent mothers abstinent from smoking, by educational attainment, Jefferson County, 1990-2000	12
Figure 12:	Percent mothers abstinent from smoking and alcohol, by marital status, Jefferson County, 1990-2000	13
Figure 13:	Percent mothers abstinent from alcohol during pregnancy, Jefferson County, 1990-2000	14
Figure 14:	Percent LBW infants, by risk factor, Jefferson County, 1990-2000	20
Figure 15:	Percent plural births, Jefferson County, 1990-2000	20
Figure 16:	Percent preterm births, Jefferson County, 1990-2000	21
Figure 17:	Percent preterm births, by maternal risk factor, Jefferson County, 1990-2000	21
Figure 18:	Infant mortality rates, Jefferson County, 1990-2000	22
Figure 19:	Number of infant deaths by specific cause, Jefferson County, 1990-2000	23
Figure 20:	Cause-specific infant mortality rates, Jefferson County, 1990-95 and 1996-2000	24
Figure 21:	Leading causes of death among children and adolescents aged 1-19 years, Jefferson County, 1990-2000	35
Figure 22:	Leading causes of death among children aged 1-4 years, Jefferson County, 1990-2000	36
Figure 23:	Leading causes of death among children aged 5-9 years, Jefferson County, 1990-2000	36
Figure 24:	Leading causes of death among children and adolescents aged 10-14 years, Jefferson County, 1990-2000	37
Figure 25:	Leading causes of death among adolescents aged 15-19 years, Jefferson County, 1990-2000	37

List of Tables

Table 1:	Smoking abstinence relative to educational attainment among Jefferson County and U.S. mothers, 1997	13
Table 2:	Child and adolescent mortality rates, Jefferson County and U.S.; and comparison with <i>Healthy People 2010</i> targets	35
Table 3:	Age-specific incidence rates for <i>Campylobacter</i> species infection, November 1999 to October 2001	38
Table 4:	Age-specific incidence rates for <i>E.coli</i> O157:H7 infection, November 1996 to October 2001	39
Table 5:	Age-specific incidence rates for <i>Salmonella</i> species infection, November 1996 to October 2001	39
Table 6:	Age-specific incidence rates for hepatitis A, <i>Shigella</i> species, <i>Giardia</i> and <i>Cryptosporidia</i> infection, November 1996 to October 2001	40
Table 7:	Age-specific incidence rates for vaccine-preventable diseases, November 1996 to October 2001	40
Table 8:	Age-specific incidence rates for hepatitis C, aseptic meningitis, bacterial meningitis, and meningococcal disease, November 1996 to October 2001	41
Table 9:	Age-specific incidence rates for <i>Streptococcus</i> species infection	41
Table 10:	Age-specific incidence rates for amoebiasis, Kawasaki syndrome and animal bites, November 1996 to October 2001	41
