- *The subdivision occurred prior to JULY 1, 1994,*
- *The illegally subdivided lot is at least 1 acre,*
- *The current owner did not own the property at the time of the illegal subdivision and was unaware that the subdivision was improperly done,*
- *If an individual sewage disposal system permit was issued for the existing system, the lot size of the illegally subdivided parcel shall be no less than the lot size shown on the original individual sewage disposal system permit application,*
- *A Use Permit (FORM 700) has been obtained for the property, demonstrating that the individual sewage disposal system meets minimum standards, and*
- *The owner agrees to specific upgrades to the system at the time of repair or addition.*

If ALL of the above conditions apply to your property, then:

1. COMPLETE pages 1-3 of this application, signed and notarized as shown.
2. ATTACH documents requested on Page 2.

FEE: **THERE IS NO FEE FOR THIS SERVICE**

Upon verification of all information, the Department send you a Variance Agreement to be signed by the current owner. Once this variance has been returned, the Department will forward their comments to the Planning and Zoning Department to allow them to process your Residential Exclusion application.

SAMPLE NOTICE OF VARIANCE

NOTICE IS HEREWITH GIVEN that **JOHN SMITH** (the "Applicant") applied to the Jefferson County Board of Health (the "Board") for a variance from the provisions of the regulations of Individual Sewage Disposal System on land owned by **JOHN SMITH** in Jefferson County, State of Colorado. The land for which the variance was applied for is described as:

LOT 1-15, PRAIRIE OVERLOOK SUBDIVISION, aka 24255 Coneflower Road (the "Property")

The Board hereby grants the requested variance under the following terms and conditions:

1. In accepting the variance, you do hereby acknowledge that abutting landowners may, in the future, receive a variance under the same terms and conditions as received by you and you will not in any way hold the Department, its agents or employees, responsible for any contamination of a water well or water supply system supplying the property owned by you.
2. If, at any time in the future, it is shown to the satisfaction of the Jefferson County Department of Health and Environment (the "Department") that the Individual Sewage Disposal System ("ISDS" or "system") on the Property is, in fact, surfacing, or showing other evidence of malfunction or causing contamination of any well, water system, or stream, that notice will be given to you and on the receipt of such notice, you will stop using the leaching field and septic system constructed by you under the terms of this variance until such time as the system has been repaired or replaced.
3. In the event the ISDS on this property malfunctions, no repair permit shall be issued by the Department if the Property is located within the boundaries of a sanitation district or water and sanitation district, and the Property is located within 400 feet of a sewer line operated and maintained by that district, and the district determines that public sewer service to the Property is feasible by means of connection to that sewer line.
4. Any repairs or upgrades to the ISDS shall include a system or component of a type currently approved by the Department to provide secondary or advanced treatment for nitrogen reduction.
5. This Variance is granted, subject to annual review, by the Department and if, on such review, it is found that adequate public health reasons exist to terminate this Variance, notice will be given to you of this finding and an opportunity granted to you to appear before the Board for further hearing to determine whether or not the Variance granted herewith should be continued.
6. This Agreement, as set forth in this Notice of Variance, shall be binding upon the heirs, successors, and assigns of the owners of the above described property, and the terms and conditions thereof shall operate on any successive owners in the same force and effect as if they had been the original applicants for the Variance, and to this end, notice is herewith given of the terms and conditions upon which the said Variance was granted.
