-------------------------	-------------------	--------------------	-----------------------	----------------------	---

1. Have you received an electronic copy of the Tobacco Free Tribune once per quarter over the past year?

Yes		19	83%
No		4	17%
Total		23	100%

2. How useful and interesting has the information in the Tobacco Free Tribune been? (please choose one selection from useful and one from interesting i.e. it was somewhat useful but very interesting.)

Not at all useful		0	0%
Somewhat useful		5	26%
Mostly useful		7	37%
Very useful		4	21%
Not at all interesting		0	0%
Somewhat interesting		2	11%
Mostly interesting		5	26%
Very interesting		1	5%

3. Over the past year (July 2008 through June 2009) what tobacco prevention activities have you been involved in? (Check all that apply.)

Read tobacco-related materials you receive via email/in person from the Tobacco Prevention Initiative (TPI) team or members of the TF Coalition (i.e. the Tribune)		15	65%
Attended at least one quarterly TF Jeffco (coalition) meeting		12	52%
Called in/reported (at least once) concerns about possible violations of smoke-free laws (smoking in a public area where a law prohibits smoking) or other tobacco-related laws (suspected sale of tobacco to minors) to TPI staff or local law enforcement		5	22%

Participated in one of the coalition/workgroup efforts (CAUSE; CASH; BE Team)		7	30%
Participated as a coalition leader or steering committee member		2	9%
Shared tobacco-related info that you've gotten from your involvement with TF Jeffco or the TPI team with others (i.e., co-workers, friends, family)		15	65%
Other, please specify View Responses		5	22%

3. Over the past year (July 2008 through June 2009) what tobacco prevention activities have you been involved in? (Check all that apply.)

#	Response
1	Attended school presentations re: tobacco issues
2	Encouraged clients to stop smoking; Quitline refer
3	None
4	moved golden to adopt the 15 ft distance from door
5	data collection

4. Please let us know what you believe should be Tobacco Free Jeffco's top 3 priorities for tobacco control work in Jefferson County.

4. Please let us know what you believe should be Tobacco Free Jeffco's top 3 priorities for tobacco control work in Jefferson County.

#	Response
1	-elimination of smoking areas in businesses serving alcohol - clarification of definition of a cigar bar - hard hitting ad campaigns
2	enforcement of perimeters tobacco-free schools, including prohibiting adults from possessing tobacco products on school grounds. More stings to catch vendors selling to minors.
3	Public cleanup of cigarette butts.
4	schools pushing Co Clean air Act for restaurant
5	1) youth prevention 2) school / community education 3) school / community resources for needs
6	Youth, Changing Laws, and enforcing those laws
7	Not just Jefferson, but Arapahoe County. I have noticed smokers continue to smoke close to the entrances of public facilities, mostly grocery stores that I frequent. They are not complying with the laws. Also cigarette butts everywhere. It should be a crime to toss them on the ground. I live in an apartment where smokers continue to throw butts around the common areas and the smokers smoke comes up into my apartment through the walls and other orifices. I would like to move into an apartment with no smoking. The one I am in is making me sick.

8	strengthen smoke-free laws, community education, mobilization increase public awareness
9	Tobacco Free workplace/campus Limiting access to youth Working with local cities and county to strengthen laws
10	1) Teen Smoking 2) closing hookah bars 3) all venues smoke-free
11	smoking laws re housing, prevention activities for youth, and cessation programs for active smokers.
12	I believe that more efforts restricting the use of tobacco are good, but more efforts are needed to regulate how they are made.
13	Reach the kids and teachers and parents through the schools.....elementary school is most important, invest in teaching healthy habits early
14	Preventing teens from smoking or helping them quit.
15	consistant laws among cities/state continued support for cities continued support for multi-jurisdictional partnerships
16	Passing local ordinances; smoke-free housing; closing loopholes in state CIA law
17	Stronger enforcement of already existing tobacco control laws (CCIAA, Arvada's smokefree parks policy, etc.); strengthening the CCIAA (include outdoor patios, expand entryways, etc.); investigating the feasibility of licensing tobacco retailers;

5. In what ways to you see yourself involved in supporting tobacco control activities (attending meetings, writing letters to the editor, city council meetings, etc.) in Jefferson County during the new grant year (July 2009 through June 2010)?

5. In what ways to you see yourself involved in supporting tobacco control activities (attending meetings, writing letters to the editor, city council meetings, etc.) in Jefferson County during the new grant year (July 2009 through June 2010)?

#	Response
1	-attending meetings - developing a think tank approach for addressing tobacco free issues
2	I think you're doing a fine job.
3	Attending meetings.
4	attending meetings
5	Want to stay active and connected to all tobacco work going on, especially in our school district.
6	attedning meetings, etc. working with Donna, Jeremy, etc.
7	I wish I knew what I could do for all counties in Colorado.
8	attending meetings, writing letters to policy makers
9	I can help some with attending meetings/city council meetings - I do have another volunteer role during the evenings and oftentimes have to work evenings at my job
10	write letters
11	staying aware and educating others as much as possible, writing/emailing where and when it will make a difference
12	I could write letters to the editor.
13	city council meetings
14	I would like to continue to support evaluation activities
15	attending meetings, writing letters to the editor, city council meetings, advancing local policies
16	I could attend evening coalition meetings. I'd be happy to write a letter to the editor or attend a city council meeting in support of the coalition's work whenever I can.

6. Please share ideas about how Tobacco Free Jeffco and/or the TPI might increase the impact of tobacco control efforts in Jefferson County.

6. Please share ideas about how Tobacco Free Jeffco and/or the TPI might increase the impact of tobacco control efforts in Jefferson County.

#	Response
1	form synergistic work groups with governmental agencies and the public
2	All law enforcement agencies and owners/proprietors need to help more
3	Emphasize the fiscal savings in individual's tax dollars (to the govt) b/c of the savings on the national healthcare costs-- same with employers saving on insurance for employees that are smokers.
4	Is it possible to combine efforts rather than keeping school work separate from community work? (Only if we are actually replicating efforts. If yes, let's combine and conserve energy.)
5	Spread you views to other counties in CO.
6	Doing great. Keep up the good work! Would like to see more participation at health fairs etc. Great way to meet with the public and seek their involvement in a number of areas.
7	You guys just keep rockin!!! You're an amazing group of people!!!
8	Awareness, which is key. Education of the public and staff.
9	It has been my experience that the more socially unacceptable smoking becomes, the more smokers are motivated to quit. Whatever it takes to make it unacceptable would probably have the greatest impact.
10	A lot of ground is lost every time some kind of law is passed that isn't comprehensive, because, once a law is passed, it's a non-issue for most citizens.
11	Keep up the good work advancuig an integrated, municipal/county smoke-free agenda.
12	More signage (use of the state's tobacco free entryway signs in business storefronts); involve environmental groups in efforts to reduce secondhand smoke exposure and cigarette litter.
