Public Health...Every day, Everywhere, Everyone

Colorado Medicaid is a jointly-funded, Federal-State health insurance program for low-income and special needs Colorado residents. If you and your family are Colorado residents and meet federal and state income guidelines, you may be able to receive Medicaid health care benefits.

CHP+ is a state insurance plan for children through 18 years of age. It is based on income eligibility. Kids that do not currently have health insurance are likely to be eligible, even if you are working.

CHP+ Prenatal is available for pregnant women 19 years and older who are not eligible for Medicaid. It is based on income eligibility. Pregnant women who do not currently have health insurance are likely to be eligible even if you are working.
