Nutrition Services for Children With Special Needs provides individualized, specialized care to assist you and your child with feeding and growth issues.

Let Us Help You

- ✓ Optimize nutrition status for the growth and development of your child.
- ✓ Improve immune system.
- ✓ Increase comfort.
- ✓ Enhance learning ability.
- ✓ Reduce hospitalizations.
- ✓ Individualize feedings.
- ✓ Decrease feeding time so that your child can have greater participation in other activities of daily living.

Evaluation of Nutrition May Include:

- Weight status.
- Nutrition and hydration needs.
- Type of feeding whether oral or tube fed or a combination of both.
- Assistance with texture and liquid modification.
- Long and short term intake goals.
- Lab values.
- Providing nutrition in a manner that fits the family's need.
