General Operational Requirements for Fireworks Sales

1. Site must be located in a Commercial Zone or Planned Development Zone which permits retail sales.
2. All required documents are submitted and in force.
3. Adequate security of explosives shall be maintained at all time. (A Class II magazine capable of handling all fireworks available for sale is required on-site.)
4. Safe on-site procedures shall be strictly adhered to.
5. No smoking or open flame shall be allowed at any time within 25 feet of the sales site. A "NO SMOKING" sign shall be conspicuously placed both inside and outside of all stands.
6. No alcohol, drugs, or persons under the influence shall be allowed at the sales site.
7. All unauthorized personnel shall be kept out of all storage areas.
8. Trash and storage requirements are strictly maintained.
9. The Permittee shall immediately comply with Fire District and Sheriff's order.
10. The permit shall be valid for a maximum of sixty (60) days. A valid permit shall not be transferable.
11. All initial inspections of fireworks sales sites shall be conducted a minimum of one day prior to the opening of the site. There shall be no sales without an initial inspection by the applicable Fire District or Sheriff's Department.
12. All fireworks stands shall be dismantled and removed no later than 10 days after the last sales day.
13. All structural stands shall be securely anchored, painted, and structurally sound. "NO PARKING" signs must be posted and visible from the parking area.
14. All applicable setbacks for the site must be adhered to; including a 100 foot buffer from any agriculturally or residentially zoned properties.
15. Any stand measuring more than 25 feet in length across the face shall have two exits. Exit doors shall be a minimum of 24 inches in width and 6 feet in height and swing in the direction egress.
16. Any stand that is, by definition noted in the Uniform Fire Code, a tent shall meet all the requirements stated in Article 32 of the Uniform Fire Code concerning tents. All flooring in a tent shall be gravel or other noncombustible type material.
17. All other stands may be constructed of wood, metal, or other approved materials. Stands shall not have wheels or tires. Combustible construction shall be painted with a water-based latex paint.
18. All stands shall be provided with two 3A40BC or two 2A10BC or one of each multipurpose dry chemical fire extinguishers readily accessible and in good working order. Each extinguisher shall carry a current annual inspection tag. One extinguisher shall be placed at each end of the stand.
19. All stands provided with electrical wiring shall be as required by the State Electrical Board and/or County permitting requirements.
20. Fireworks shall not be sold or dispensed by any person under the age of 16. An adult shall be present during all hours of operation. (An adult is a person 18 years of age or older.)
21. Fireworks shall not be sold or dispensed to anyone under 16 years of age unless accompanied by an adult (an adult is a person 18 years of age or older).
22. The Permittee shall display a warning sign in a prominent place on the site that states: "Warning, it is illegal for any person under sixteen years of age to purchase any fireworks. Violators may be punishable by a fine of up to \$750.00, by imprisonment for up to six months, or by both such fine and imprisonment". The sign lettering shall be a minimum height of one inch.
23. Vegetation within the required stand setbacks shall be a maximum of two inches above the ground with the exception of trees and shrubs. Weeds, not within the stand setback, but on the premises, must be maintained a maximum height of 12 inches within a radius of 200 feet from any point on the stand or to the property line; whichever is the lesser distance.
24. No fireworks shall be discharged within a 200 foot radius from any point on the stand.
25. No fireworks shall be sold or dispensed from any motor vehicle or towed vehicle.
26. A motor vehicle, travel trailer, or tent cover attached to or combined as a part of a stand shall not be permitted.
27. A stand shall be used only for retail sales of fireworks. No wholesale of fireworks shall be conducted from stands.
28. **These requirements are applicable to temporary fireworks stands only.** Sale of fireworks from permanent structures shall meet all of the requirements of an "H" occupancy as defined by the Uniform Building and Fire Codes. (A permit is still required.)
29. A copy of the completed permit application, supporting documents and the permit must be kept on site.
30. Selling any illegal fireworks, failing to comply with any order of a Fire District or Sheriff's Department official, failing to submit any required document, falsifying or withholding any information on this application, or failing to get the required documents when required may result in the immediate revocation of this permit and closure of this sales facility. A summons and/or confiscation of products may also result. All sales employees may be subjected to a personal criminal history review before being permitted to work as sales personnel.

I have received, read, and understand all information and handouts regarding requirements by Jefferson County for a Temporary Fireworks Stand Permit.
