

On-Site Restriction Form Letter "E"

Date Prepared: 18 August 1995

NOTICE: This form is not to be altered. A copy of the soils report must be attached for all building permits issued after 1 March 1993.

Date: _____

Jefferson County Planning & Zoning Department
100 Jefferson County Parkway, Suite 3550
Golden, Colorado 80419

To Whom It May Concern:

I, _____, a Registered Professional Engineer, licensed in the State of Colorado, am knowledgeable in the fields of foundations, soils, and geology. Based upon my knowledge, sound engineering principles and industry practices, I state to Jefferson County to the best of my knowledge the following facts:

1. An onsite subsoil investigation, including a test boring, on Lot_____, Block_____, of the_____ subdivision, has been conducted under project number_____ by_____ Consulting Engineers and Geologists. Based on the recommendations of said subsoil investigation and accepted engineering principles and practices, a foundation design which includes proper subsurface drainage has been prepared for the building proposed to be constructed on the above referenced lot.
2. The foundation and subsurface drainage plans, included with the construction plans submitted for the building permit for the building to be constructed on the above-referenced lot, have been prepared by me. The foundation and subsurface drainage plans bear my seal, and I have verified that said plans satisfy or exceed the criteria set forth in the soils investigation described in Paragraph 1 above.
