**On-Site Restriction Form Letter "F"**

Date Prepared: December 18, 2000

**NOTICE:** This form is not to be altered. A copy of the soils report must be attached for all building permits issued after March 1, 1993.

To Whom It May Concern:

A. I, \_\_\_\_\_, a Registered Professional Engineer, licensed in the State of Colorado, am a geotechnical engineer with experience in expansive soils. Based upon my knowledge, sound engineering principles and industry practices, I state to Jefferson County to the best of my knowledge the following facts:

1. An on-site subsoil investigation, including a test boring, on Lot \_\_\_\_\_, Block \_\_\_\_\_, of the \_\_\_\_\_ subdivision, has been conducted under project number \_\_\_\_\_ by \_\_\_\_\_. Based on the recommendations of said subsoil investigation and accepted engineering principles and practices, a design for subsurface drainage has been prepared for the building proposed to be constructed on the above referenced lot.
2. The attached subsurface drainage plans for the building to be constructed on the above referenced lot have been reviewed and/or prepared by me. The plans bear my seal, and I have verified that said plans satisfy or exceed the criteria set forth in the soils investigation described in paragraph A.1. above.
