

## **Public Facilities, Services & Utilities**

Adequate service provision is important to maintaining the quality of life in the Central Plains area. Although Jefferson County does not provide utilities, or fire protection, coordinating with the service providers is necessary to ensure provision of services.

### **Policies**

1. All applications for development within 1/4 mile of the base of South Table Mountain should be referred to the Colorado State Forest Service and local fire protection agency for identification of appropriate mitigation measures.
2. A focus group, comprised of interested parties, such as Lakewood police, deputy sheriffs, planners, and community members, should be convened to develop an action plan to provide protection to Wide Acres/Welchster.

***Please list any additional specific policies that should be added:***
