Things to know when applying for an address

- *Addresses cannot be assigned without verifying parcel legality.*
- *Secondary processes such as obtaining a septic permit and building permit cannot occur without first receiving a valid address.*
- *A process fee will be required (if access verification or legal parcel research is conducted as part of obtaining address).**
- *Further division of property will change an existing address upon completion of platting process.*
- *Only an owner or authorized representative can apply for the address.*

** An administrative fee will be charged (\$25-\$100) depending on complexity of the request.*
