

Section 11 – Minor Adjustment

(orig. 4-20-10)

A. Intent and Purpose

This process was created in order to allow administrative approval of development proposals that have minimal impacts to the health, safety and welfare of the citizens of Jefferson County. The process was developed based on the statutory allowance for the Board of County Commissioners to exempt certain development activities from the terms "subdivision" or "subdivided land" as set forth in Section 30-28-101, C.R.S., as amended. The process outlines time frames and expectations that should provide the applicant with a clear understanding of the steps involved prior to final determination by the Director of Planning and Zoning. The Director of Planning and Zoning may waive the time frames included in this process depending on Planning and Zoning staffing levels and the complexity of the proposal. (orig. 4-20-10; am. 12-21-10)
