

APPLICATION FOR NON-ROUTINE INSPECTION
OF A REGULATED FACILITY
Instructions and Application Form

USE THIS FORM TO REQUEST A NON-ROUTINE INSPECTION OF A RETAIL FOOD ESTABLISHMENT, CHILD CARE CENTER, BODY ART ESTABLISHMENT, CAMP, SWIMMING POOL, OR OTHER FACILITY REGULATED BY THE DEPARTMENT.

BACKGROUND

The Department conducts routine inspections of regulated facilities such as those referenced above. However, we will also perform other inspections as requested when a facility is undergoing a sale or change or ownership. This will provide the new purchaser with current information about the facility and any violations that will need to be corrected before it can be re-licensed.

Because this is an "extra" inspection, the Department charges an additional inspection fee. Also, the current owner or manager must also consent to this inspection that is performed outside of their normal schedule.

Any significant violations that are found during the inspection must be corrected, regardless of whether the facility is sold or not.

INSPECTION FEE: (payable to Jefferson County Treasurer)

INSTRUCTIONS:

- Complete page 1 of the application including required signature
- Submit application form with required fee
- You will be contacted to schedule the inspection

After the inspection is performed, you will receive a detailed inspection report with any violations noted.
