Public Health... Every day, Everywhere, Everyone

Nutrition Services for Children With Special Needs provides individualized, specialized care to assist you and your child with feeding and growth issues.

Let Us Help You

- ✓ Optimize nutrition status for the growth and development of your child.
- ✓ Improve immune system.
- ✓ Increase comfort.
- ✓ Enhance learning ability.
- ✓ Reduce hospitalizations.
- √ Individualize feedings.
- ✓ Decrease feeding time so that your child can have greater participation in other activities of daily living.

Evaluation of Nutrition May Include:

- Weight status.
- Nutrition and hydration needs.
- Type of feeding whether oral or tube fed or a combination of both.
- Assistance with texture and liquid modification.
- Long and short term intake goals.
- Lab values.
- Providing nutrition in a manner that fits the family's need.
