

Inclusion of resources on this list does not denote endorsement of these resources by Jefferson County Public Health. The resources included here have been determined to meet a general standard for credibility/validity as appropriate substance abuse prevention and/or treatment resources in that they were recommended by organizations (or their representatives) which have accountability to use evidence-based approaches to address substance prevention/use/abuse needs. This list is updated regularly. To make comments or recommend additional resources, email public_health_info@jeffco.us. Staff will verify the resources suggested and include those that meet the general standard for inclusion.

Data Resources

Resources and Contact information	Population Served	Description
Behavioral Health and Wellness Program (BHWP) University of Colorado School of Medicine (303)724-6327 www.bhwellness.org/	Communities, agencies	The Behavioral Health and Wellness Program's mission is to improve quality of life through the use of evidence based behavior change.
