

## WEST CHATFIELD AVENUE (KEN CARYL TO GARRISON) QUICK FACTS SHEET

- Funded by Jefferson County 2001 Sales Tax Improvement Program
- At Kipling Parkway intersection, add free flowing eastbound to southbound right turn lane and second eastbound thru lane.
- Improve the northwest curb and gutter and Kipling Parkway to eliminate ponding water.
- Improve icing concerns at the southwest corner of Shaffer Parkway.
- 5' wide attached and detached sidewalk on west/south side from Ken Caryl Ave. to Shaffer Pkwy./Sawatch Range Rd.
- 8' wide attached and detached sidewalk on north/east side from Ken Caryl Ave. to Sangre De Cristo, as space and grade allow.
- 4' wide on-street bike lanes. Medians will be narrowed between Ken Caryl Ave. and Kipling Pkwy. to accommodate bike lanes.
- Eliminate parking between Iris Way and Garrison St. to improve safety and allow for bike lanes.
- Add left turn lane for eastbound Chatfield Ave. to residences at Chatfield Commons.
- Raised median and pedestrian refuge at the trail crossing south of Ken Caryl Ave. to improve safety of pedestrian crossing.
- Improve safety, drainage, and erosion concerns along the existing depressed medians. Remove most of the trees to improve roadway safety. Replace the timber drop structures. Add minimalist landscaping.
- Construction to begin Spring 2013.
