## Introduction

The Countywide Transportation Plan was adopted in 1998 and was developed as a coordinated approach to addressing transportation needs in Jefferson County. The Plan was updated in 2002 through the incorporation of an Addendum. The Countywide Transportation Plan encompasses all of Jefferson County, including the incorporated municipalities, but is not intended to replace Plans adopted by each jurisdiction. Rather, the Countywide Transportation Plan is intended to be a dynamic tool for coordination among jurisdictions by identifying transportation projects, needs, and priorities. This 2014 Addendum replaces the previous Addendum and supplements the 1998 Countywide Transportation Plan.

## Vision and Goals

The Vision of the Countywide Transportation Plan (CWTP) was adopted in 1998:

*“The Jefferson County Transportation Plan will be a unified multi-modal transportation plan which will provide for the efficient, cost effective movement of people and goods, while protecting and enhancing the quality of life in Jefferson County.”*

The CWTP established six goals that were adopted to accomplish the Vision. They include:

- Identify and address deficiencies in our transportation system
- Provide a coordinated system that integrates all modes of transportation
- Provide for, and improve, the mobility of those who have special needs or are dependent on public or specialized transportation
- Encourage Jefferson County and its Cities to work together to provide consistent plans and maximize influence on the regional transportation planning process
- Mitigate the impact of transportation on the environment and our communities; and
- Encourage economic vitality

## Plan Elements

The CWTP is comprised of five Plan Elements. The five elements must be integrated and balanced to maximize the efficiency of the overall transportation system.

Countywide Transportation Plan Elements:

- **Roadway** - a network of arterial streets and highways that supports motor vehicle travel, bus mass transit, and bicycle and pedestrian travel.
- **Transportation Congestion Management** - a set of strategies and programs that helps to maximize the effectiveness of the transportation system including travel reduction, use of alternate modes and congestion relief.
- **Transit and Paratransit** - a system that utilizes and enhances the existing and planned transit service provided by RTD and other social service transportation providers

- **Bicycle and Pedestrian** - an integrated system of pedestrian and bicycle accommodations that provide travel choices and connections to other modes

### **Update Process**

The Countywide Transportation Plan Addendum was updated through engaging staff at Jefferson County and at the Cities of Arvada, Golden, Lakewood, Westminster, Wheat Ridge, and at the Town of Morrison. This Addendum update focused on the following:

- Removing completed projects.
- Updating project costs
- Identifying projects and transportation needs through year 2040.
- Incorporating elements of WestConnect - The Western Beltway Connector Study.
- Incorporating the Jefferson County Bicycle and Pedestrian Plans and the Major Thoroughfare Plan.
- Updating the status of Committed, Fiscally Constrained, and Needs Based projects.

### **Addendum Projects**

All projects have been identified as Committed, Fiscally Constrained, or Needs Based, and have been disaggregated into five categories including roadway, interchange/intersection, transit, bicycle and pedestrian, and programs. All projects are shown in Figure 1. Some projects are not depicted since they encompass a large area and not a specific location. Figures 2, 3, and 4 depict Committed, Fiscally Constrained, and Needs Based projects respectively. Additionally, Table 1 provides the cost, project limits, improvement, status, and source for each project. The vast majority of bicycle and pedestrian Needs Based projects, which are contained in the Jefferson County Bicycle and Pedestrian Plans, are shown in Figures 5 and 6. Tables 2 and 3 provide the details associated with these projects.

#### **Committed Projects**

The list of Committed projects was compiled through the use of several sources including annual budgets, capital improvement programs (CIPs), and the Denver Regional Council of Governments (DRCOG) 2012 – 2017 Transportation Improvement Program. Two CDOT funding streams were consulted; they include the Responsible Acceleration of Maintenance and Partnerships Program (RAMP) and the Funding Advancement for Surface Transportation and Economic Recovery (FASTER). Additionally, the Jefferson County Sales Tax Improvement Program and Traffic Impact Fee Program were also utilized. Jefferson County CIP Committed projects are defined as those scheduled to be completed within the next three years.

#### **Fiscally Constrained Projects**

Fiscally Constrained projects include those that are anticipated to be funded by 2040, and potential funding sources for these projects have been identified. The DRCOG 2035 Fiscally Constrained Regional Transportation Plan was the primary source used to identify these

projects. The Jefferson County Capital Improvement Program, Sales Tax Improvement Program, and Traffic Impact Fee Program were also utilized.

**Needs Based Projects**

Needs Based projects provide a comprehensive transportation vision for Jefferson County by identifying long-term transportation projects. All 2002 CWTP Addendum Needs Based projects that have not been completed are included in this Addendum. The recently completed Western Beltway Connector Study and the Jefferson County Major Thoroughfare Plan were also consulted. In addition, the Jefferson County Bicycle and Pedestrian Plans supplement the Needs Based projects for these modes of transportation. No funding sources have been identified and projects may need to be evaluated further to determine feasibility.

Roadway Projects					
Project	Cost	Project Limits	Proposed Improvements	Funding Status	Source
Alameda Pkwy	\$8,000,000	C-470 to Bear Creek Blvd	roadway capacity improvements, add through lanes	fiscally constrained	DRCOG RTP
Alameda Ave	\$2,700 - \$5,500	Estes St to Simms/Union St	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Alkire St	\$280,000	Bellevue Ave to Bowles Ave	minor arterial improvements	committed	Jeffco CIP
Alkire St	\$8,000,000	86th to 100th	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Bowles Ave/Pierce St	\$82,000	Bowles Ave/Pierce St	intersection improvements	committed	Jeffco CIP
Bowles Ave	\$535,000	Alkire St to C-470	roadway improvements	committed	Jeffco CIP
Bowles Ave/Alkire St	\$215,000	Bowles Ave/Alkire St	Bowles Ave/Alkire St right-turn-lane	committed	Jeffco CIP
C-470	\$200,000,000	Kipling Pkwy to I-25	roadway capacity improvements, managed express lanes	committed	RAMP
C-470		Kipling Pkwy to Morrison Rd	roadway capacity improvements	needs based	WestConnect
C-470		Morrison Rd to US-6	roadway capacity improvements	needs based	WestConnect
Chatfield Ave	\$166,000	Ken Caryl Ave to Everett St	roadway improvements	committed	Jeffco CIP
Chatfield Ave	\$1,015,000	Pierce St to Kendall St	roadway improvements	committed	Jeffco CIP
Collector Street Improvements	\$573,000	various locations throughout Arvada	collector street improvements	committed	Arvada CIP (2013-2022)
Coal Mine Ave	\$2,000,000 - \$5,500,000	County line to Kendall St	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Colfax Ave	\$5,500,000 - \$8,000,000	Simms St to Hawthorne St	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Colfax Ave	\$6,200,000 - \$10,700,000	I-70 to Heritage Rd	roadway capacity improvements, widen from 2/4 lanes to 6	needs based	2002 CWTP Addendum
Owens St	\$620,000	Deer Creek Canyon Rd to Toller Dr	roadway improvements	committed	Jeffco CIP
CR-126	\$34,000	CR-126	roadway improvements, pullout enhancements	committed	Jeffco CIP
Golden Rd	\$1,140,000	Moss St to Indiana St	roadway improvements	committed	Jeffco CIP

Golden Rd	\$975,000	Quaker St to Moss St	roadway improvements	committed	Jeffco CIP
I-70	\$593,100,000	I-70 - Eisenhower-Johnson Memorial Tunnels to C-470	design and miscellaneous roadway improvements	fiscally constrained	DRCOG RTP
Indiana St	\$10,700,000 - \$17,300,000	64th Ave to SH-72	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Indiana St	\$10,700,000 - \$16,000,000	SH-72 to 120th Ave	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
JC-73	\$1,625,000	Brook Forest to Thimbleberry Ln	roadway capacity improvements	committed	Jeffco CIP
JC-73	\$1,855,000	Buffalo Park Rd to Brook Forest Rd	roadway capacity improvements, widen from 2 lanes to 3 lanes	committed	Jeffco CIP
Jefferson Pkwy	\$204,000,000	SH-93 to SH-128	roadway capacity improvements, construct new toll roadway and three new interchanges	fiscally constrained	DRCOG RTP
Kipling Pkwy	\$4,000,000 - \$17,500,000	Bowles Ave to US-285	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Kipling Pkwy	\$13,500,000 - \$20,000,000	US-285 to US-6	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Kipling Pkwy	\$20,000,000 - \$33,500,000	US-6 to I-70	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Leyden Rd	\$8,700,000	SH-93 to Indiana St	roadway capacity improvements, widen from 2 to 3 lanes	needs based	Arvada CIP
McIntyre St	\$1,218,000	44th Ave to 54th Ave	roadway capacity improvements, widen from 2 lanes to 4 lanes, sidewalk and bike lanes	committed	Jeffco CIP
McIntyre St	\$540,000	32nd Ave to SH-58	Major Collector improvements (bike lanes, sidewalk, curb/gutter)	committed	Jeffco CIP
Morrison Rd	\$5,500,000 - \$8,000,000	Wadsworth Blvd to Kipling Pkwy	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Morrison Rd	\$700	Kipling Pkwy to Owens/Oak St	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Old Wadsworth Blvd	\$6,600,000 - \$11,000,000	92nd Ave to 112th Ave	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Platte Canyon Rd	\$3,000,000 - \$5,500,000	C-470 to County line	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum

Quincy Ave	\$3,220,000	Kipling St to Wadsworth Blvd	roadway capacity improvements, add 2 through lanes	committed	Jeffco CIP
Quincy Ave	\$3,565,000	Alkire St to Simms St	roadway capacity improvements, add 2 through lanes	committed	Jeffco CIP
Quincy Ave	\$3,590,000	Eldridge St to Alkire St	roadway capacity improvements, add 2 through lanes	committed	Jeffco CIP
Quincy Ave	\$12,600,000	C-470 to Simms St	roadway capacity improvements, add 2 through lanes	fiscally constrained	DRCOG RTP
Quincy Ave	\$8,000,000	Kipling Pkwy to Carr St	roadway capacity improvements, add 2 through lanes	fiscally constrained	DRCOG RTP
Quincy Ave	\$9,500,000	Kipling Pkwy to Simms St	roadway capacity improvements, add 2 through lanes	fiscally constrained	DRCOG RTP
Rooney Rd		Alameda Pkwy to 1,500' north	roadway improvements, realignment	needs based	WestConnect
SH-74	\$57,947	US-40 and 1,000' to the south	roadway improvements, shoulder improvements	committed	Jeffco CIP
Sheridan Blvd.	\$6,000,000	I-76 to 87th Ave	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Sheridan Blvd.	\$5,000,000	94th Ave to 113th Ave	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Simms St	\$7,000,000	112th Ave to 120th Ave	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Simms St	\$6,700,000	100th Ave to 112th Ave	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
Summer St	\$15,000	SH-8 to 2nd St	roadway improvements, curb and gutter installation	committed	Morrison 2014 Improvements
US-6	\$13,500,000	Wadsworth Blvd to Sheridan Blvd	HOV lanes & safety improvements	needs based	2002 CWTP Addendum
US-36	\$224,375,000	Table Mesa Dr to I-25	roadway capacity improvements, 17 miles of HOT managed lanes,	committed	DRCOG TIP (2012-2017)
US-285	\$33,500,000 +	Sheridan Blvd to Kipling Pkwy	roadway capacity improvements, include HOV lanes	needs based	2002 CWTP Addendum
US-285	\$6,700,000 - \$13,500,000	Kipling Pkwy to C-470	capacity improvements, include HOV lanes	needs based	2002 CWTP Addendum

US-285	\$3,500,000	CR-73 to C-470	roadway improvements, fiber optic backbone installation	committed	RAMP
US-285	\$28,126,000	Foxton Rd to Richmond Hill	roadway capacity improvements, add lanes	committed	DRCOG TIP (2012-2017)
US-285	\$70,500,000	Shaffers Crossing (Elk Creek Rd) to Richmond Hill Rd	roadway capacity improvements, add through lanes, and 2 new interchanges	fiscally constrained	DRCOG RTP
US-285		Richmond Hill Rd to Kings Valley Dr	roadway capacity improvements, add through lanes	fiscally constrained	DRCOG RTP
US-285		Kings Valley Dr to Shaffers Crossing (Elk Creek Rd)	roadway capacity improvements, add through lanes	fiscally constrained	DRCOG RTP
Wadsworth Blvd	\$4,000,000 - \$8,000,000	C-470 to Bowles	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
Wadsworth Blvd	\$18,500,000	35th Ave to 46th Ave	roadway capacity improvements and PEL Study	committed	DRCOG TIP (2012-2017)/ Wheat Ridge CIP
Wadsworth Blvd	\$40,500,000	SH-128 to 92nd Ave	roadway capacity improvements, add through lanes	fiscally constrained	DRCOG RTP
Wadsworth Blvd	\$7,801,000	10th Ave to 14th Ave	roadway capacity improvements, widen from 4 lanes to 6 lanes, includes bus pads, shelters and benches and a 10' multiuse path on east and west sides of Wadsworth Blvd	committed	DRCOG TIP (2012-2017)
Wadsworth Blvd		10th Ave to Highland Dr	roadway capacity improvements	committed	DRCOG TIP (2012-2017)
Wadsworth Blvd		4th Ave to Highland Dr	roadway capacity improvements, add 2 through lanes	fiscally constrained	DRCOG RTP
Wadsworth Blvd.	\$961,000	W 69th Ave to W 72nd Ave	SB Accel/Decel Lane	committed	CDOT FASTER Safety
Ward Rd	\$13,600,000	72nd Ave to Alkire St	Ward Rd new connection	needs based	Arvada CIP
Western Beltway (US-6 section)		Heritage Rd to US-6/Sh-58/SH-93 intersection	roadway improvements	needs based	WestConnect
Western Beltway (SH-93 section)		US-6/Sh-58/SH-93 to Jefferson Pkwy	roadway and capacity improvements	needs based	WestConnect
32nd Ave	\$1,800,000	Eldridge St to Alkire St	roadway capacity improvements	committed	Jeffco CIP

38th Ave	\$42,000	Pierce St to Upham St	streetscape design project	committed	Wheat Ridge CIP
50th Ave	\$100,000	Fairmount Elementary Schools to McIntyre St	roadway improvements, add right turn lanes	committed	Jeffco CIP
56th Ave		56th Ave to SH-93	roadway improvements, roadway realignment	needs based	WestConnect
64th Ave	\$5,100,000	Kendrick St to Terry St	roadway capacity improvements, add through lanes	fiscally constrained	DRCOG RTP
72nd Ave	\$13,500,000	Kipling Pkwy to Indiana St	roadway capacity improvements, widen from 2 lanes to 4 lanes	fiscally constrained	2002 CWTP Addendum
80th/82nd Ave	\$5,500,000 - \$8,000,000	Alkire St to Indiana St	roadway improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
80th/82nd Ave	\$5,500,000 - \$10,700,000	Kipling Pkwy to Alkire St	roadway improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
88th/86th Ave	\$2,000,000 - \$4,000,000	Wadsworth Blvd to Independence St	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
92nd Ave	\$4,700,000 - \$6,700,000	Harlan St to Wadsworth Blvd	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
100th Ave	\$8,000,000 - \$10,700,000	Wadsworth Blvd to Alkire St	roadway capacity improvements, widen from 2, 3 or 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
104th Ave/Church Ranch Blvd	\$6,700,000 - \$9,300,000	Sheridan Blvd to Wadsworth Blvd	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
108th Ave	\$2,700,000 - \$4,000,000	Wadsworth Blvd to Simms St	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
108th Ave	\$2,000,000 - \$3,300,000	Old Wadsworth Blvd to Wadsworth Blvd	roadway capacity improvements, widen from 2 lanes to 4 lanes	needs based	2002 CWTP Addendum
I-70/Kipling Pkwy NEPA Study	\$1,000,000	I-70/Kipling Pkwy interchange	I-70/Kipling Pkwy NEPA Study	committed	DRCOG TIP (2012-2017)
I-76	\$13,500,000	I-70 to Sheridan Blvd	roadway capacity improvements, widen from 4 lanes to 6 lanes	needs based	2002 CWTP Addendum
<b>Interchange/Intersection Projects</b>					
US-6/Colfax Ave	\$10,000,000-\$12,000,000	US-6/Colfax Ave intersection	interchange construction	needs based	2002 CWTP Addendum
I-70/US-6	\$10,000,000-\$12,000,000	I-70/US-6 intersection	construct missing ramps	needs based	2002 CWTP Addendum

I-70/Kipling Pkwy	\$32,600,000	I-70/Kipling Pkwy	Interchange reconstruction	fiscally constrained	DRCOG RTP
I-70/Grapevine Rd	\$189,000	I-70/Grapevine Rd	operational improvements	committed	RAMP
Intersection Safety Improvements	\$859,000	various locations throughout Arvada	intersection improvements	committed	Arvada CIP (2013-2022)
Jefferson Pkwy/Candelas Pkwy		Jefferson Pkwy/Candelas Pkwy	interchange construction	fiscally constrained	DRCOG RTP
Jefferson Pkwy/SH-72		Jefferson Pkwy/SH-72	interchange construction	fiscally constrained	DRCOG RTP
Jefferson Pkwy/Indiana St/SH-128		Jefferson Pkwy/Indiana St/SH-128	interchange construction	fiscally constrained	DRCOG RTP
Quincy Ave/Kipling St	\$3,100,000	Quincy Ave/Kipling ST	operational improvements	committed	2014 Federal Obligated Projects
Sheridan Blvd.	\$1,063,744	W 64th Ave	intersection improvements	committed	CDOT FASTER Safety
US-6/Kipling Pkwy	\$29,200,000	US-6/Kipling Pkwy	interchange reconstruction	fiscally constrained	DRCOG RTP
US-6/Simms St	\$35,400,000	US-6/Simms St	interchange reconstruction	fiscally constrained	DRCOG RTP
US-6/Wadsworth Blvd	\$37,000,000	US-6/Wadsworth Blvd	interchange reconstruction	committed	DRCOG TIP (2012-2017)
US-6/19th St	\$25,000,000	US-6/19th St	interchange construction	committed	RAMP funding/DRCOG RTP
US-6/Heritage Rd		US-6/Heritage Rd	interchange construction	needs based	WestConnect
US-6/SH-58/SH-93 intersection		US-6/SH-58/SH-93 intersection	interchange construction	needs based	WestConnect
US-36/Sheridan Blvd	\$49,200,000	US-36/Sheridan Blvd	interchange reconstruction	fiscally constrained	DRCOG RTP
US-285/Pine Valley Rd/CR-126	included in the Shaffers Crossing to Richmond Hill roadway project	US-285/Pine Valley Rd/CR-126	interchange reconstruction	fiscally constrained	DRCOG RTP
US-285/Pine Valley Rd/CR-126	\$422,000	US-285/Pine Valley Rd/CR-126	intersection and operational improvements	committed	RAMP

US-285/Kings Valley Dr	included in the US-285 roadway project: Shaffers Crossing to Richmond Hill Rd	US-285/Kings Valley Dr	interchange reconstruction	fiscally constrained	DRCOG RTP
Wadsworth Blvd/Waterton Rd	\$4,542,000	Wadsworth Blvd/Waterton Rd intersection	intersection improvements	committed	Jeffco CIP
Western Beltway (SH-93 section)		Washington St/SH-93 intersection	interchange construction	needs based	WestConnect
Western Beltway (SH-93 section)		SH-93/58th Ave intersection	interchange construction	needs based	WestConnect
Western Beltway (SH-93 section)		64th Pkwy/SH-93 intersection	interchange construction	needs based	WestConnect
Western Beltway (SH-93 section)		SH-93/Jefferson Pkwy intersection	interchange construction	needs based	WestConnect
72nd Ave/Indiana St	\$3,791,000	72nd Ave/Indiana St	intersection improvements	committed	Arvada CIP (2013-2022)
<b>Transit</b>					
Gold Line Commuter Rail	\$2,043,143	Gold Line Light Rail	Denver Union Station to Ward Rd in Arvada	committed	DRCOG TIP (2012-2017)
Gold Line Commuter Rail		Gold Line Light Rail	Gold Line extension from Ward Rd to Golden	needs based	Golden Staff
Gold Line Commuter Rail		44th Ave/McIntyre St intersection	Gold Line park and ride and station parking	needs based	2002 CWTP Addendum
Gold Line Commuter Rail		Golden Gold Line	Golden Gold Line Station	needs based	2002 CWTP Addendum
US-36 Managed Lanes and BRT	\$725,300,000	Table Mesa Dr to I-25	Bus Rapid Transit and bike path west of Wadsworth to Flatirons Cir	committed	DRCOG TIP (2012-2017)
Olde Town Bus Station	\$2,000,000	Olde Town Flour Mill Lot	bus station relocation and additional surface parking	committed	CDOT FASTER Transit/ Arvada CIP (2013-2022)
Transit for Elderly and Disabled	\$1,000,000	various locations throughout DRCOG region	transit improvements for elderly and disabled	committed	2014 Federal Obligated Projects

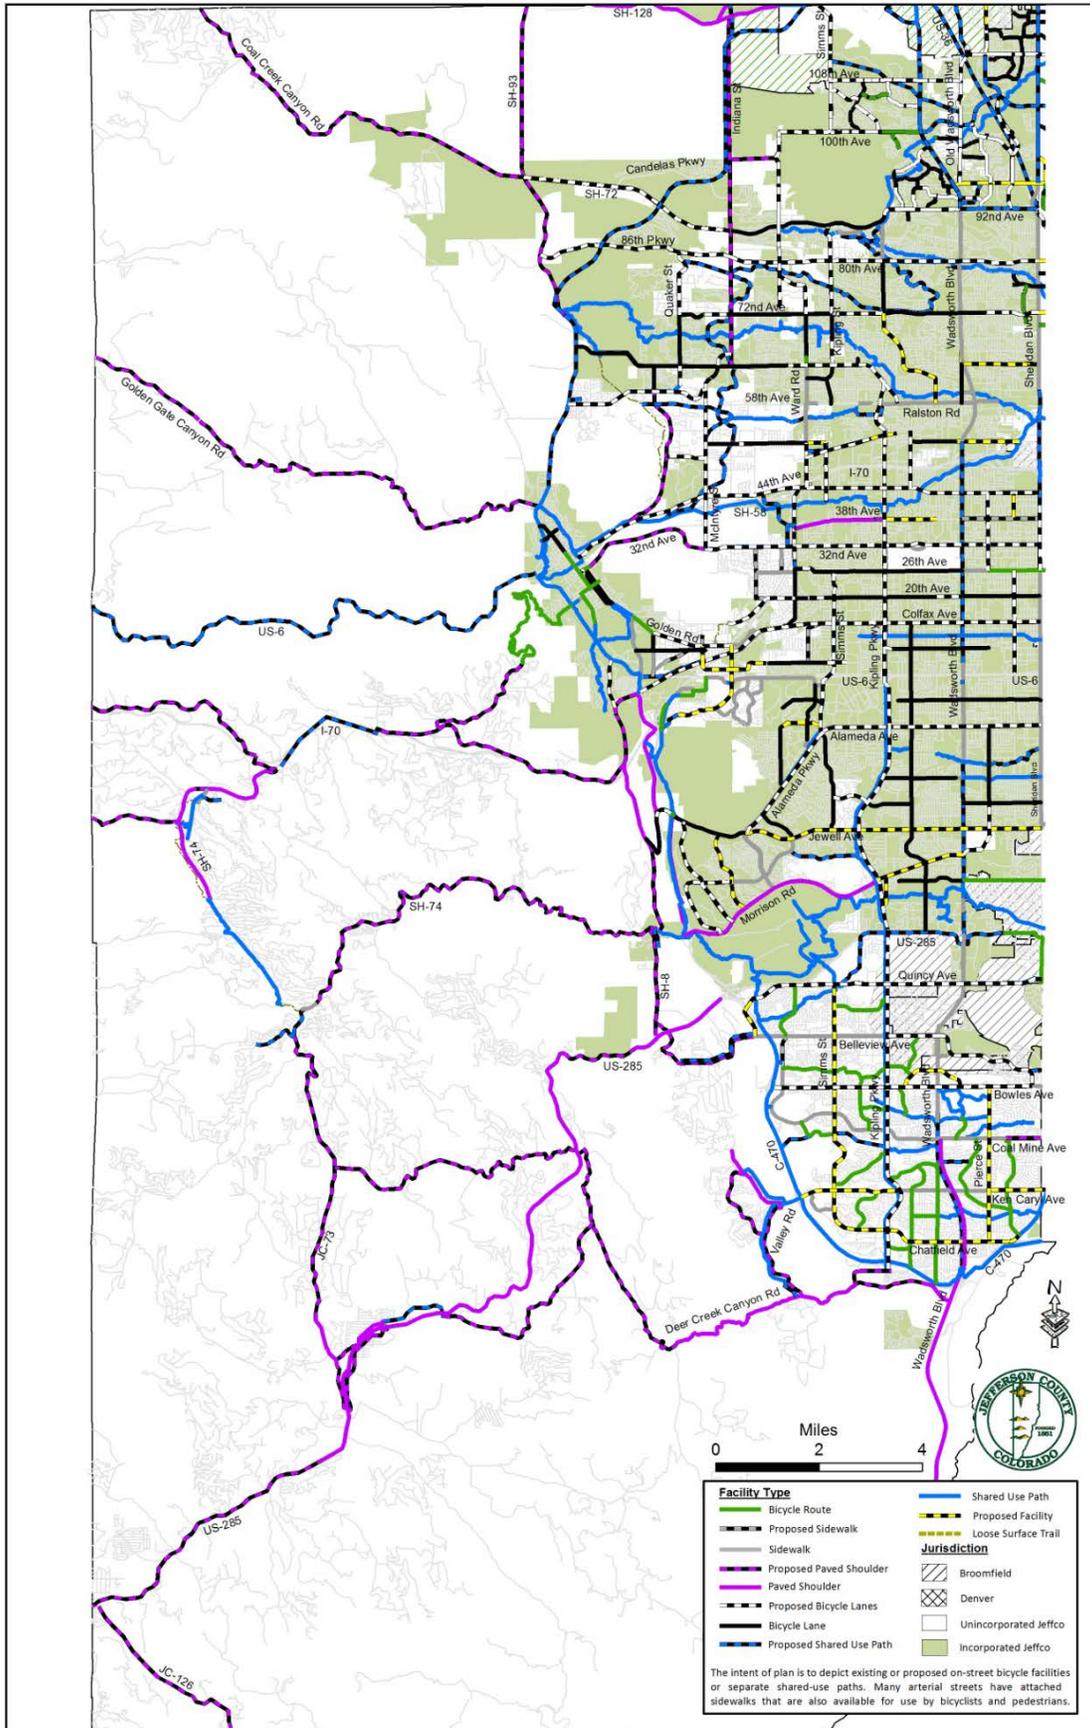

Wadsworth Blvd	included in the Wadsworth Blvd roadway project: 10th Ave to 14 Ave	10th Ave to 14th Ave	installation of bus pads, benches, and shelters	committed	DRCOG TIP (2012-2017)
<b>Bicycle and Pedestrian Projects</b>					
ADA Ramp Installation	\$608,101	various locations throughout Arvada	ADA ramp installation	committed	Arvada CIP (2013-2022)
Alameda Ave	\$625,000	Kipling Pkwy to Allison St	reconstruct multiuse path	committed	2014 Federal Obligated Projects
Alkire St Bike-Ped Bridge	\$3,650,000	Over UPRR	multiuse path	needs based	Arvada CIP
Chatfield Avenue	included in the Chatfield Ave roadway project: Pierce St to Kendall St	Pierce Street to Kendall Street	sidewalk improvements	committed	Jeffco CIP
Coal Mine Ave Sidewalk	\$145,000	Lamar St to 700' east	Sidewalk Improvements	committed	Jeffco CIP
CR-73	\$25,000	CR-73 and Conifer HS	sidewalk and curb/gutter improvements	committed	Jeffco CIP
Golden Rd	included in the Golden Rd roadway project: Moss St to Indiana St	Moss St to Indiana St	bike lanes and sidewalks	committed	Jeffco CIP
Golden Rd	included in the Golden Rd roadway project: Quaker St to Moss St	Quaker St to Moss St	bike lanes and sidewalks	committed	Jeffco CIP
Kipling Pkwy	\$2,835,000	32nd to 44th Ave	10' detached multiuse path	committed	DRCOG TIP (2012-2017)/Wheat Ridge CIP
Kipling Pkwy	\$2,000,000	56th Pl to Grandview Ave	Pedestrian underpass	committed	DRCOG TIP (2012-2017)
McIntyre St	included in the McIntyre St roadway project: 44th Ave to 54th Ave	44th Ave to 54th Ave	bike lanes and sidewalks on the east and west sides of the street	committed	Jeffco CIP
McIntyre St	included in the McIntyre St roadway project: 32nd Ave to SH-58	32nd Ave to SH-58	bike lanes and sidewalks on the east and west sides of the street	committed	Jeffco CIP

Moss St	\$77,000	Moss St to 10th Ave	Sidewalk Improvements	committed	Jeffco CIP
Pierce St		26th Ave to 28th Ave	bike facility project	committed	Wheat Ridge CIP
Quincy Ave	included in the Quincy Ave roadway project: Kipling Pkwy to Wadsworth Blvd	Kipling St to Wadsworth Blvd	bike lanes and sidewalks on the north and south sides of Quincy Avenue	committed	Jeffco CIP
Quincy Ave	included in the Quincy Ave roadway project: Alkire St to Simms St	Alkire St to Simms St	bike lanes and sidewalks on the north and south sides of Quincy Avenue	committed	Jeffco CIP
Quincy Ave	included in the Quincy Ave roadway project: Eldridge St to Alkire St	Eldridge St to Alkire St	bike lanes and sidewalks on the north and south sides of Quincy Avenue	committed	Jeffco CIP
Ridge Rd Bike Path	\$1,000,000	Independence St to Miller St	5' bike lanes and 8' sidewalk	committed	DRCOG TIP (2012-2017)
Wadsworth Blvd	included in the Wadsworth Blvd roadway project: 10th Ave to 14th Ave	10th Ave to 14th Ave	10' wide detached multiuse pathway on east and west sides of Wadsworth Blvd	committed	DRCOG TIP (2012-2017)
50th Ave	included in the 50th Ave roadway project: Fairmount to McIntyre St	Fairmount Elementary Schools to McIntyre St	sidewalk improvements	committed	Jeffco CIP
57th Ave		Balsam St to Independence St	widen existing sidewalks to 6' and add 4' bike lanes along north and south side of 57th Ave	committed	DRCOG TIP (2012-2017)
72nd Ave	\$465,000	72nd Ave Arvada	bicycle and pedestrian improvements	committed	2014 Federal Obligated Projects
Wadsworth Blvd	\$780,000	Wheat Ridge	bicycle and pedestrian improvements	committed	2014 Federal Obligated Projects
US-6/Red Rocks Community College		US-6/Red Rocks Community College	pedestrian/bicycle bridge	needs based	Jeffco Staff
US-36 Final Mile Study	\$115,000	Boulder to Westminster	study to enhance and develop multimodal opportunities between FasTracks Stations	committed	DRCOG TIP (2012-2017)

SH-8	\$7,000	Park St to Post Office to the South	paved pathway	committed	Morrison 2014 Improvements
TOD Bike-Ped Access Plan	\$1,000,000	Retrofit Streets to improve sidewalks and bike lanes in a 2 mile radius of Arvada Ridge and Olde Town Arvada Gold Line Stations	4 to 5 ft bike lanes, and 5 to 8 ft sidewalks.	needs based	Arvada CIP
<b>Programs</b>					
Safe Routes to School	\$1,261,000	various locations throughout Arvada	sidewalk improvements	committed	Arvada CIP (2013-2022)
Missing Sidewalk Program	\$500,000	various locations throughout Arvada	sidewalk improvements	committed	Arvada CIP (2013-2022)
Traffic Signal Construction Program	\$3,152,000	various locations throughout Arvada	traffic signal construction	committed	Arvada CIP (2013-2022)
Long Life Pavement Markings	\$917,000	various locations throughout Arvada	Long Life Pavement Markings	committed	Arvada CIP (2013-2022)
Video Detection Program	\$229,000	various locations throughout Arvada	Video Detection Program	committed	Arvada CIP (2013-2022)
Sign Replacement	\$323,000	various locations throughout Arvada	Sign Replacement to ensure consistency with MUTCH mandates	committed	Arvada CIP (2013-2022)
ATMS Completion and Upgrades	\$209,000	various locations throughout Arvada	ATMS Completion and Upgrades	committed	Arvada CIP (2013-2022)
Traffic Signal Replacement	\$8,940,000	various locations throughout Arvada	Traffic Signal Replacement	committed	Arvada CIP (2013-2022)
UPS at Major Intersections	\$447,000	various locations throughout Arvada	uninterrupted power supply for signals at major intersections	committed	Arvada CIP (2013-2022)
Traffic Safety Improvements	\$4,412,000	various locations throughout Lakewood	improvements include guardrail repair, roadway widening, etc.	committed	Lakewood CIP (2011-2016)
Signal Safety Improvements	\$1,078,000	various locations throughout Lakewood	installing new signals and upgrading existing signals	committed	Lakewood CIP (2011-2016)
Long Life Pavement Markings	\$1,334,000	various locations throughout Lakewood	implementation of plastic pavement marking on various roadways	committed	Lakewood CIP (2011-2016)

Street Resurfacing/Concrete Rehab	\$43,507,000	various locations throughout Lakewood	Street Resurfacing/Concrete Rehabilitation	committed	Lakewood CIP (2011-2016)
Bike Path and Sidewalks	\$2,650,000	various locations throughout Lakewood	design and construction of sidewalks and bike paths	committed	Lakewood CIP (2011-2016)
Bridge Maintenance	\$275,000	various locations throughout Arvada	bridge maintenance	committed	Arvada CIP (2013-2022)
